Tarek --

I am the woman for whom you did such a marvelous act of kindness in sending me the Lladro statue that I won at auction with absolutely no idea how much it was going to cost to ship. I just couldn't believe what I was seeing when I opened the box!

I remember at the time the box arrived that we were extremely busy with a burgeoning house full of guests and even family outside in travel trailers and tents. It was insane! So I placed your business card on our desk with the best of intentions of writing to you with my heart-felt Thank You. Then my husband did one of his mass desk cleanings. That is normally disaster! And it certainly was in this instance. He threw away your business card and until yesterday I could not find your name anywhere online. I did try.

Yesterday, I drew the box from the closet where it had been stored for months to wrap the item for my niece's birthday. It was only then that I read (again!) your address and I re-started the search for you.

I was so pleased when the lady who answered the phone told me that you are on this staff. Finally, I can say Thank You for the heartwarming person that you are.

Please take these comments and copy them for the world to see. Or, if you would rather that I rewrite on another site, I will be more than glad to do that for you. It's so nice to know that there are still such wonderful people such as yourself in this fast-paced world in which we live.

My sincere thanks,  
Deborah Tuggle
